Amphibian and Reptile Conservation is a national wildlife charity striving for a world where amphibians and reptiles are safeguarded for future generations. With over 20 years experience in the wildlife sector we are committed to the conservation of frogs, toads, newts, snakes and lizards and the habitats on which they depend.

Snakes & Toad Tunnels - Game Instructions

- For 2 or more players and based on the snakes and ladders game.
- The aim is to get Mr Toad to his breeding pond to get best pick of the females avoiding danger and distraction along the way.
- Mr Toad can climb up the toad tunnels but when faced with a grass snake must go down.

In order to play the game you will need a die and some counters.
